### KEVIN FITZPATRICK IN BUSINESS INTERNSHIP

Kevin Fitzpatrick, Milford, is one of 45 Buena Vista College students who are spending a month of January in a business internship program.

Fitzpatrick, a sophomore business student at Buena Vista, is a small business intern at Style Craft Furniture in Milford.

Under the internship program, students work in firms and service agencies throughout Iowa, learning the day-to-day operations of the businesses.

According to Jack Leggett, assistant professor of small business management and director of the program, students "find out how business operations work in the real world" as a result of the program.

Each of the student interns choose a firm or agency which can add substantial knowledge to their chosen career.

They are required to keep a record of their work and write an analysis of their experience. Professor Leggett also visits the students during the month to evaluate their progress.

"Our internship program is very successful in helping students prepare for a business career," stated Leggett.

Fitzpatrick is the son of Mr. and Mrs. Robert Fitzpatrick, R.R. 1, Milford.
